VOTER AND HIS "X"

Determining Uncle Sam's Policy
the Next Four Years.

HEAVY VOTE EVERYWHERE.

Large Majority of the Ballots Polled
Before the Noon Hour.

NO SERIOUS DISORDERS REPORTED.

Conditions Prevailing In the Close
States and Intelligent Specula-
tion as to the Outcome.

Ideal Weather Favors
the Battle of the
Ballots.

Columbus, O., Nov. 6.—Ideal weather conditions are prevailing over the Buckeye state. Advices received here from many points in Ohio indicate that a heavy vote is being polled, no serious disorders marking the progress of the balloting in Cleveland, Toledo, Cincinnati and this city more than half the vote was polled before noon. There is much excitement in some cities and especially in the towns of close congressional districts. All speculation is on the question of Democratic gains in the cities and Republican gains in the rural districts of Ohio. Republican State Chairman Dick says his poll shows over 80,000 for McKinley in Ohio and 17 of the 21 congressmen. Democratic State Chairman Long claims Bryan will carry Ohio, "unless prevented by coercion and purchase."

In the Empire State.

New York, Nov. 6.—Citizens of the Empire state were up and at it at an early hour, a tremendous vote being polled everywhere in the state before noon. In Greater New York the interest is intense and the ward workers are hustling out the voters with untiring zeal. Generally speaking, Republicans concede that Bryan will carry Greater New York. On the other hand Democrats admit that McKinley will carry the state if Greater New York is excluded. The differences of opinion arise on the question of pluralities that the Democrats are conceded in the metropolis and the Republicans are conceded in the up-state districts. Mr. Croker claims the Greater City by from 80,000 to 90,000, and gives the Republicans 50,000 plurality up state. On the other hand the Republicans claim that they will come to the Bronx with from 100,000 to 180,000, and that Greater New York will give only 30,000 for Bryan.

Quay and Anti-Quay.

Philadelphia, Nov. 6.—Very little interest is manifested relative to the vote of the state in the presidential contest, as a big Republican majority is conceded even by the Democratic leaders. Four years ago McKinley's plurality in the state was 295,072, of which plurality Philadelphia furnished 113,139. McKinley's plurality will no doubt be considerably reduced through the return to their party of many Democrats who opposed Bryan in 1896, and it is thought also that McKinley's vote will be reduced to some extent on account of the fierce contests of the Quay and anti-Quay Republicans to obtain control of the next legislature.

Outlook in Indiana.

Indianapolis, Nov. 6.—All indications point to a full vote being polled in Indiana. Chairman Martin of the Democratic state committee made the following statement: "I see no reason for changing my predictions as heretofore made. I believe Indiana will go Democratic by a very safe majority." Mr. Hernley, Republican chairman, says: "It is a landslide; we will elect 11 congressmen sure, and will carry the state by not less than 40,000, and will elect the entire state and national tickets and will carry both branches of the legislature."

In Illinois.

Chicago, Nov. 6.—The fight here has been of the warmest description and every effort is being made to bring the full voting strength of both parties into the field. The Republicans in particular are elated at the fine weather and say that it means their success. The Democratic managers declare that weather will make no difference, and that the election is certain to result in a sweeping Democratic triumph.

Conditions in Michigan.

Detroit, Nov. 6.—Both parties in Michigan are confident of success. Both Mayor William C. Maybury of Detroit, the Democratic candidate for

governor, and Colonel Aaron T. Bliss of Saginaw, his Republican opponent, issued signed statements in which each confidently asserts he will be elected.

In New England.

Boston, Nov. 6.—Throughout the six states comprising New England a heavy vote is being registered owing to the splendid weather conditions and the lively interest manifested in the result. Democrats are working hard to cut down the Republican pluralities of 1896 in these states.

In Old Missouri.

St. Louis, Nov. 6.—The Democrats express the utmost confidence in their ability to place Congressman Alexander M. Dockery in the gubernatorial chair by a plurality of 30,000 and upwards and of giving the national ticket a majority of from 40,000 to 45,000. The Republicans are equally confident. Many believe McKinley and Roosevelt will have a slight majority over Bryan and Stevenson. The Democrats say they will elect 13 out of 15 congressmen to be voted for, and the Republicans expect to elect five out of the 15, a gain of two.

Situation in Kentucky.

Louisville, Nov. 6.—Both sides are claiming this state in published reports by 20,000, though estimates do not put the majority either way above 6,000 or 8,000. The Republicans made the issue and named it "Civil Liberty," which term expresses their opposition to the Gobell election law and to the action of the legislature in the contested election cases. The Democrats claim that the bulk of the independents have returned to the party. It is generally believed that Bryan will run ahead of Beckman (Dem.) for governor, and that Yerkes (Rep.) will run ahead of McKinley.

Both Claim New Jersey.

Newark, Nov. 6.—The Republicans are confident of success but the Democrats claim that if the members of their party who remained away from the polls four years ago turn out the state will go for Bryan. The increase in registration, the Republicans claim, is due to the normal growth of the voting people. The great fight in the state is for the legislative officers. The eight senators to be elected will have a vote next year for a successor to Senator William J. Sewell, whose term expires at that time.

South Dakota.

Sioux Falls, Nov. 6.—Both parties are stoutly claiming that they will carry the state. Conservative Republicans estimate that the majority for their ticket in the state will be between 5,000 and 6,000. This majority will carry with it the congressional and state ticket and a comfortable majority on joint ballot in the next legislature. The fusionists say Bryan will carry the state by at least 2,000, and that their congressional and state nominees will be elected.

Connecticut.

New Haven, Nov. 6.—Observers who are not intensely partisan predict a safe McKinley margin and a probable Republican victory on the state ticket. On the latter point, however, they are careful not to express figures in their opinions. The Democrats are more combative than heretofore and in addition to claims of a state ticket walk-over, are inclined to take Connecticut from its position in the doubtful column of their tables and edge it over to the Bryan column.

Heavy Vote in Kansas.

Topeka, Nov. 6.—The Republicans claim a victory in Kansas for McKinley by 25,000 plurality, the success of the state ticket by a plurality somewhat less; the election of eight congressmen and a majority on joint ballot in the legislature. The fusionists concede one congressman to the Republicans but claim everything else, placing Bryan's plurality at 16,000. A heavy vote is being polled.

Tennessee.

Nashville, Nov. 6.—The weather is fine and a large vote is being polled. Chairman Fitzpatrick for the Democrats said: "We have good news from over the state and I have no doubt of the result in Tennessee for either Bryan or McMillin." Hon. Lee Brock, acting Republican chairman, said: "We expect to elect three congressmen and to increase our majority in the legislature."

Wisconsin.

Milwaukee, Nov. 6.—The Republican state ticket will undoubtedly be elected with a Republican legislature. Of the 10 congressmen to be elected nine are practically conceded to the Republicans, the Democrats apparently having a chance in the Second district. The Democratic press concede the state to McKinley. Weather fine. Heavy vote.

No Doubt About Georgia.

Atlanta, Nov. 6.—There being no doubt as to how Georgia will cast its

vote on the general election, the local Democratic clubs are urging the voters to go to the polls and make Bryan's majority as large as possible. Vice Chairman Edward T. Brown of the state Democratic executive committee claims that Georgia would give Bryan a majority of 40,000 votes.

In Arkansas.

Little Rock, Nov. 6.—The Democratic managers are confident Bryan will carry Arkansas by a majority almost equaling that of 1896, when the figures exceeded 72,000 on a Democrat and Populist fusion ticket. In the present contest the middle-of-the-road Populists have nominated one elector.

Mississippi.

Jackson, Miss., Nov. 6.—The chairman of the executive committee are expecting a big vote. The farming element, however, is being kept busy in the cotton fields, picking being unusually active on account of the danger of frost. The Democrats claim 50,000 to 60,000 majority.

Majority Uncertain.

Fargo, N. D., Nov. 6.—Indications are that McKinley will carry this state, but the Republican state ticket will get a smaller vote. The state is, however, apparently safely Republican. An increase of 10,000 or 12,000 votes will make the majority rather uncertain.

California Close.

San Francisco, Nov. 6.—Fair weather prevails and a heavy vote is being polled. The chairman of the Republican and Democratic state committees still insist that their respective parties will carry the state by from 12,000 to 15,000. They say that nothing has occurred to change their opinion. The voting commenced at sunrise and the polls close at sundown. The result in California will probably not be known until Wednesday night.

Maryland.

Baltimore, Nov. 6.—Chairman Murray Vandiver of the Democratic state central committee said: "I have no hesitancy in claiming that we will carry the state by from 5,000 to 10,000 majority, and that both city and counties will contribute to that end. We will not only carry the state for Bryan, but will elect four congressmen sure." Chairman Phillips Lee Goldsborough of the Republican state committee said that he looks for even a larger majority than 10,000, which he mentioned as his estimate.

Nevada Close.

Reno, Nev., Nov. 6.—On the surface the indications are that the result of the election in Nevada will be close. The Republicans have made a hard fight to elect Farrington to congress and the chairman of the Republican state central committee says Farrington will be elected by 500 majority. The Democrats, on the other hand feel confident that they will carry the state as in 1896 for Bryan, and return Newlands to congress.

Delaware.

Wilmington, Nov. 6.—The outlook is that the Republicans will carry Delaware for McKinley and the state Republican ticket by a majority of at least 1,500. The legislature will elect two United States senators and is in doubt, both parties claiming it. Democratic State Chairman Sausbory claims that the state will give Bryan the electoral vote and that the legislature will have a Democratic majority.

Short Vote in Oregon.

Portland, Nov. 6.—Oregon votes for presidential electors only, and the indications are that McKinley will have a plurality of at least 10,000. The Democrats concede that the state will give the Republican ticket a majority. It is estimated that the vote of the state will be more than 10 per cent short on account of the registration law failing to provide for opening the books after the state election in June.

Louisiana.

New Orleans, Nov. 6.—The Democrats are confident of a sweeping victory in the state, and think the old majority will be maintained as the Democratic registration has not been reduced, while the new Republicans will not exceed in number the eliminated negroes. The Republicans, however, say they have gained largely from Democratic ranks and they have many volunteers to watch the count.

Washington State.

Seattle, Nov. 6.—Both the Republican and Democratic leaders seem confident of success. The registration here is the largest in the history of the county. Every effort to get early returns has been made, but owing to the heavy ballot it is feared that the exact count will be delayed until late Wednesday morning.

Washington State.

Milwaukee, Nov. 6.—The Republican state ticket will undoubtedly be elected with a Republican legislature. Of the 10 congressmen to be elected nine are practically conceded to the Republicans, the Democrats apparently having a chance in the Second district. The Democratic press concede the state to McKinley. Weather fine. Heavy vote.

No Doubt About Georgia.

Atlanta, Nov. 6.—There being no doubt as to how Georgia will cast its

CONFERENCES

Told Daily at Peking Between the Different Ministers.

Berlin, Nov. 6.—Regarding the present status of affairs in Peking, an official of the German foreign office made the following statement: "Conferences are occurring daily between the different ministers representing the powers in Peking with a view of gaining a basis upon which they can proceed jointly and harmoniously. For this purpose heavy telegraphic communications are just now passing between Peking and the different home governments. As yet the complete record has not been obtained which is required to take away from Li Hung Chang every vestige of hope that he can achieve success by negotiating separately with any particular power."

Injuries Proved Fatal.

Akron, O., Nov. 6.—Aron Clark died at his home in Hudson as the result of a brutal assault. His head was fearfully cut by some heavy instrument, his right arm broken, the knuckles of his left hand crushed and his breastbone broken. Walter Seniff has been arrested charged with the killing. Clark, before he died, stated that Seniff had lain in wait for him at a railroad crossing. He claimed that Seniff had a grudge against him. Seniff denies his guilt.

Talk of Lynching.

Lacon, Ills., Nov. 6.—W. J. Lynn, alias Jack Gordon, went to the home of Jacob Schafer, 10 miles east of this place, called Mrs. Schafer to the door, and shot her, killing her instantly. He then fired at Schafer, missing him. Lynn was arrested a few hours later in Wyoming, 12 miles distant and is now in jail in this city. There is strong feeling against him and talk of lynching. The killing was caused by jealousy.

Widow of Stonewall Jackson.

Baltimore, Nov. 6.—Mrs. Mary Ann Jackson, widow of the Confederate General Stonewall Jackson, who has been at the Church home and infirmary for more than a month, left for her home in Charlotte, N. C., in company with a friend. Mrs. Jackson came to Baltimore for treatment for neuritis, from which she had suffered greatly. She is now entirely restored to health.

Another German Loan.

Berlin, Nov. 6.—It is ascertained from a source apparently reliable that another and even larger imperial loan is forthcoming. Leading financiers in Berlin and Frankfort corroborate this statement. The cost of the China expedition must be covered by such a loan. Moreover, the expenses of the empire in various departments are much larger than was anticipated when the budget was passed.

To Welcome Kruger.

Paris, Nov. 6.—The municipal council has adopted a motion expressing warm sympathy and admiration for the Boers "in their heroic defense of their independence," and resolving that the president and other officers of the council shall welcome Mr. Kruger at the station upon his arrival in Paris.

BLEW THE SAFE.

Burglars Loot a Country Store and Get Away.

Sandusky, O., Nov. 6.—The general store of W. S. Graves at Castalia was burglarized, the safe blown and about \$100 in cash and nearly \$1,000 in checks and drafts stolen. The safe, which was a valuable one, was ruined. The burglars stole a horse and buggy from a farmer and escaped. No clue.

Fatal Runaway.

Gallipolis, O., Nov. 6.—Dr. Hale of Vinton had his neck broken and his wife received injuries which cause her condition to be critical, as the result of their horse running away and throwing them violently from the buggy in which they were driving from their home to Jackson.

Ties on the Track.

Tiffin, O., Nov. 6.—Another attempt was made to wreck a train on the Baltimore and Ohio railroad, the site chosen being identically the same as that selected last Friday night. It was undoubtedly the work of the same gang, for the ties were arranged in the same manner.

Kruger Ill.

Paris, Nov. 6.—Dispatches from Port Said assert that the Dutch cruiser Gelderland has been obliged to reduce speed considerably in consequence of the illness of Mr. Kruger. The Gelderland is not expected to reach Marseilles before Nov. 15.

Death on the Rail.

Marshfield, Wis., Nov. 6.—J. A. Halverson, president of the Sunshine Orphans' Industrial school at Auburn, near here, was killed by being run over by a passenger train.

CUBAN CONSTITUTION.

Delegates Meet in Convention to Frame and Adopt One

ALL OF THE DELEGATES PRESENT.

General Wood Starts the Machinery In Motion in the Presence of a Large Crowd—Features of the Meeting.

Havana, Nov. 6.—The Cuban constitutional convention met in the Marti theater. The theater was crowded. Many thousands were unable to gain admittance and the streets in the vicinity were blocked with people.

General Wood and his staff, accompanied by General Fitzhugh Lee and his staff, received an ovation on entering, the band playing "America." Señor Cisneros and General Rivera escorted General Wood to the platform and he almost immediately opened the convention. "As military governor of the island of Cuba and representing the president of the United States," he said, "I call this convention to order. It will be your duty first of all to frame and adopt a constitution for Cuba, and when that has been done, to formulate what, in your opinion, ought to be the relations between Cuba and the United States."

The convention organized with Señor Llorente, justice of the supreme court, as president, and Señor Villanueva as secretary. The following oath was then administered: "We, the delegates elected by the people of Cuba to the national constitutional convention, swear faithfully to fulfill the duties of our office. We publicly and solemnly renounce allegiance to or compact made with any state or nation, whether made directly or indirectly, swearing to the sovereignty of the free and independent people of Cuba and swearing to respect the solution this convention may adopt as well as the government established by the constitution."

All of the 31 delegates were present Señor Allman, who said that the convention was "only a continuation of the fight for independence," moved that the regulations governing the old Cuban assembly at Yaya in 1896 be adopted. As nobody seemed familiar with them, copies will be furnished to the delegates.

The following resolutions were presented to the president just before adjournment and will probably be adopted: "The undersigned delegates propose that the constitutional assembly adopt the following resolutions: First, that a committee of the assembly proceed immediately to call on General Wood and to manifest the satisfaction with which the delegates have seen him carry out the difficult mission entrusted to him. Second, that the committee require General Wood to cable to the president of the United States as follows: 'The delegates elected to the constitutional convention assembled at their inaugural meeting, greet with profound gratitude and affection the president of the United States of America, and they are satisfied with the honesty demonstrated in the fulfillment of the declarations made to the Cuban people.'"

Port Townsend, Wash., Nov. 6.—The steamship Charles Nelson arrived 10 days from Nome. She reports that four days prior to her sailing Nome beach was swept by another severe storm which did much damage to small shipping and to some buildings in course of construction. While the damage done was heavy, there was no loss of life.

Indiana Official.

Washington, Nov. 6.—The official returns as announced by the census bureau give the state of Indiana a total population of 2,516,462, against 2,192,404 in 1890. These figures show an increase in the population of the state since 1890 of 324,058, or 14 per cent. The population in 1890 was 1,978,301, showing an increase of 214,023, or 10 per cent.

"Of course there was no Goebel poli-
tics at the bottom of this business, re-
marked the Ledger in closing its ac-
count of the Payton case mentioned
Monday. The editor of the Ledger knew
the facts in the case, but he omitted the
most important which showed that Goebel
politicians had nothing to do with the
case. The Ledger editor was anxious
Sunday to find out who preferred the

but he failed to state that most impor-
tant fact Monday. The warrant was

which accounts for the Ledger's silence

ODDS ARE CHANGED.

Yerkes Money Pailed Down—Republicans
Claim But Five to Seven Thous-
and in Hamilton County.

[Cincinnati Post.]

There has been a marked change in
the betting odds in Cincinnati in a couple
of days. Thursday all of the even
money on Yerkes carrying Kentucky
was pulled down. The Beckham money
came in so fast the Yerkes men took to
the high grass early in the game. No
Yerkes money could be found Thursday.

A similar change took place in regard
to the result in Hamilton County. Wed-
nesday it was even money up to \$200
that McKinley would have 10,000 plural-
ity in the county. It was announced
Thursday that this bet was likely to be
withdrawn at any minute and that there
was no more such money in sight.

Republican leaders, while making no
public statements, have given out confi-
dential reports that not more than from
5,000 to 7,000 plurality may be expected
in Hamilton County.

It is generally admitted that McKinley
will run behind the local ticket.

A MAYSVILLE LADY

Offers Some Valuable Advice—Every Reader
Interested.

Perhaps the reader is a "Doubting
Thomas," for Maysville is full of them.
Doubt, as a rule, leads to investigation,
and, as "Doubting Thomas" will not ac-
cept as facts a long statement giving
particulars of some incredible cure on
the other side of the continent, he is
asked to investigate the testimony of a
local citizen:

Mrs. C. J. Sweet, of 713 East Second
street, says: "Doan's Kidney Pills ended
pain in my back, which had annoyed me
for a considerable time. My mother,
Mrs. A. F. Sweet, also uses this remedy
and values it highly. Mr. Sweet got
Doan's Kidney Pills for me at J. Jas.
Wood & Son's drug store, corner of West
Second and Market streets. We are only
too pleased to recommend a preparation
which has proved so reliable and effective
as did Doan's Kidney Pills."

It was discovered at noon Monday at
Lexington that 100 ballots in the middle
of the ballot book to be used in Precinct
No. 32 were not numbered consecutively.
The printer was Evans D. Beach, candi-
date for Alderman on the Republican
ticket. This is a heavy Democratic pre-
cinct. Veach was called in and said a
number of loose ballots had been bound
into the book "by mistake."

Millions Given Away.

It is certainly gratifying to the public to
know of one concern which is not afraid
to be generous. The proprietors of Dr.
K. D. New's Discovery for consumption,
coughs and colds, have given away over
ten thousand trial bottles and have the satis-
faction of knowing it has cured thousands
of hopeless cases. Asthma, bronchitis,
laryngitis and all throat, chest and lung
diseases are surely cured by it. Call
on J. Jas. Wood & Son, druggists, and get
free a trial bottle. Regular size 50 cents

MISS LOU POWLING.

Death at an Early Hour This Morning of
This Estimable Woman—Burial
Thursday Afternoon.

Miss Louisa Powling, whose critical
condition has frequently been mentioned
the last month, died this morning at 3
o'clock at her home on Second street.
For seven years she had been a patient
sufferer from a complication of diseases,
and had been confined to her bed for
the last five months. For some time it was
realized that her case was hopeless, but
death had no terror for this noble Christian
woman, and she peacefully awaited
the final summons. During her last days
she called many of her friends to her
bedside and with words of encouragement
and good advice smilingly bade them
farewell.

Miss Powling was a daughter of John
and Mary Powling and was a resident of
Maysville all her life.

The funeral will take place Thursday
at 1:30 o'clock p. m. at the M. E. Church,
South, Rev. J. W. Mitchell, of Covington,
officiating, assisted by the pastor,
Rev. W. F. Taylor, and by Howard T.
Cree, pastor of the Christian Church.
Friends invited.

Interment in the Maysville Cemetery.
Burial private.

More High Handed Proceedings by the Republicans.

A Gang of Pri-
oners Relensed From Jail on
Writ of Habeas Corpus Monday
Afternoon.

Along about the first of October sixteen n-gro men living at or near Lewisburg were tried before 'Squire Rice on a charge of playing craps. The lowest penalty for this offense is \$50 and costs.

The accused entered a plea of guilty, but 'Squire Rice heard the evidence and there was no doubt whatever of their guilt. They were fined \$50 and costs, and failing to pay or replevy were sent to jail to serve out their fine.

Monday they still had several days to complete their sentence, but the thought of losing sixteen voters was too much for the Taylorized Republican leaders, and they set to work to have the gang released. A writ of habeas corpus was sworn out before Police Judge Wadsworth, but the writ was returned for a hearing before County Judge Newell. When the case came up in the afternoon, the prisoners, by their attorneys, Judge Cole and L. W. Galbraith, filed affidavits to swear Judge Newell off the bench, claiming that he was partisan and would not give them justice. The point was argued at length by the prisoners' lawyers and by County Attorney O'Donnell and Mr. John L. Whitaker for the other side. Judge Newell finally declined to sit in the case.

When the writ was first issued, the Democrats decided to notify Circuit Judge Harbeson of the proceeding, and requested him to come to Maysville. The law expressly states that such writs must be returned to the Circuit Judge if he is in the county. Judge Harbeson arrived before the arguments were concluded before Judge Newell, and was in the court room when the latter declined to sit in the case.

Judge Wadsworth insisted he had jurisdiction of the case and when Judge Newell got off the bench, the Police Judge directed that the prisoners be taken to the Police Court.

Judge Wadsworth was not long in disposing of the case. The proceedings bordered on the farcical. The Republicans were afraid the Democrats were planning some new move, and rushed the case. County Attorney O'Donnell asked to be heard, but Judge Wadsworth refused to allow him to read sections of the Code governing such proceedings. Mr. O'Donnell insisted on his rights as an attorney but was shut off, and then declined to say anything further.

The result of the proceedings was the discharge of the sixteen prisoners from jail, the Court basing his decision, the BULLETIN understands, upon the ground

that the judgment or order committing them to jail was defective, in that it stated the prisoners were convicted of "playing" craps when it shou'd have been "shooting" craps.

Such proceedings as the Republicans have resorted to the last few days to take a lot of prisoners out of jail simply and solely to vote them, have disgusted even the better class of their party. This is not the first gang of negro "crap shooters" who have been jailed. Crowds of them have been run in on several occasions by the authorities of Washington, Mayfield and even here in Mayfield, but election was at hand and the votes of this Lewisburg gang of criminals were needed by the Republicans, and the good name of the county is being disgraced by the fact that a lot of prisoners are released from jail solely for the purpose of voting them.

There was a proper way to get these prisoners out. The balance of their dues should have been paid or reprieved, and then a word could have been uttered in protest, and the good name of the county would not have suffered.

The Difference in Cost

Of thoroughly good fashionable and serviceable Clothes and Shoes as bear our label and inferior goods is not large enough to warrant you taking the risk attached to buying ordinary goods. The kind of clothes we sell are tailored by the same class of journeymen tailors as are employed by high-priced merchant tailors. Not a yard of fabric is used in these garments that has not been thoroughly tested for its textile strength and color fastness; therefore we thoroughly endorse and guarantee all goods we sell, and say, "money refunded" without argument if for any reason you are dissatisfied with your purchase.

Our experience as well as yours has proven that the kind of merchandise we sell is as near perfection as can be, and though they cost a little more than the other kinds they are really the cheapest kind in the end. Our leaders in clothes are Stein Bloch Co., Adler Bros. & Co., the best brands in the country.

In Shirts, the Manhattan; Hanan Shoes and Stetson Hats. All of these are the highest class of merchandise in their respective lines.

SERIOUSLY WOUNDED.

John Spencer Cut by "Jinks" Stockdale Monday Afternoon and Almost Bleed to Death.

John Spencer, colored, was cut and dangerously wounded Monday afternoon by "Jinks" Stockdale at Pfeiffer's saloon on Market street.

The cut was in the left temple and on the left side of the throat. An artery was severed, and Spencer almost bled to death before he could find a doctor. He finally reached Dr. Yazell's office, and the flow of blood was soon stopped. He was so weak, however, that it was thought he could not survive the night, but he was still alive this morning and was thought to be improving. Dr. Yazell says he may recover.

Stockdale was arrested by Constable Dawson. This morning he was taken before 'Squire Grant who released him on bail, pending the result of Spencer's wounds.

Just what was the cause of the trouble has not been learned. Spencer it is said had some words with the proprietor of the saloon, and the cutting followed.

Judge Riley, of the Lexington Police Court, has ordered the police of that city to arrest and bring before the court all boys loitering about the streets after nine o'clock at night, adding that the only way to suppress crime is to start the growing generation in the right direction. If faithfully carried out, this action of Judge Riley will doubtless do much toward the moral development of Lexington's youth.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The offerings were small, the total number not reaching 700 hhds. The demand for all sorts of tobacco offered was heavy. The market for tobaccos of decided good character was firm and prices slightly higher. Bright trash was wanted and better prices were bid for them. Tips and red fillers were stronger in the bidding, and prices were thought to be a shade better than for the same sorts a week ago. Bright fillers and cutters are still wanted, and are selling well.

The offerings of the new crop were again light, amounting to only six hhds for the week. Prices for the six hhds. were as follows for leaf, lugs and trash: \$2.55, \$1.90, \$1.10, \$5.30, \$7.80 and \$7.90.

The Tobacco Plant reports the average of the 671 hhds. sold at \$8.58 per hundred pounds, against \$7.90 for the 668 hhds. last week, and \$9.13 for the 1,219 hhds. the corresponding week in 1899.

Health and Beauty

For generations women have been taught that "beauty is only skin deep," but, like many proverbs, that will not stand. Beauty is blood deep. There can be no beauty without health. Our grandmothers lived closer to nature than we do, and they were so sheltered by their home life that health and beauty were theirs naturally. Skin foods, freckle lotions and face bleaches were unknown commodities. But there has been a great change in the life of women since then. With broader education and larger opportunities, she has developed mentally at the expense of her health. From the quiet duties of home she has gone forth until now we find her in many avocations of life, which prove too great a tax on her vitality. How sad it is to see the cheek robbed of its color and the eye of its fire. These symptoms nearly always show derangements in the delicate feminine organism. They don't call for bleachers or paints or powders, but for a remedy that will make the afflicted organs strong and well. Wine of Cardui is just such a remedy. Women broken in health and spirit have been made healthy and happy by this Wine. No one should give up to the "blues" until this reliable remedy has been tried. It has proven a blessing to other women and will not disappoint you. It brings that buoyancy of spirit, elasticity of step and lightness of heart which is the corner stone of beauty. A healthy woman is always beautiful.

Westville, February 4, 1899.
Wine of Cardui. It is the most wonderful remedy that I ever tried. I have been a sufferer for years, at times being confined to my bed two or three days each month. A friend recommended Wine of Cardui, and since I have taken it I have been greatly relieved. I intend to continue to take it, for I know it is as recommended. I will use every effort to get others to use it. MRS. MARY E. COOLEY.
